During the decade following the Civil War, Chase County residents knew their county had outgrown its log cabin courthouse and makeshift jail. It must have better quarters for a growing population.

Therefore, at a special election in August of 1871, thirteen years after the county's formation and with a population of about 600, voters approved a $40,000 bond levy for a new courthouse and jail. The bond issue passed by 64 votes.

From the beginning, the Chase County Courthouse had a remarkable past. A handful of pioneers -- a bare majority of voters -- dared to dream of a public building which would last a century.

After the bond issue passed, Isaac Alexander, one of the county's more flamboyant settlers, donated two and a half acres of land in Cottonwood Falls (the county seat) to the county with the condition that a combination courthouse and jail be built on his land at the head of Broadway, the hamlet's main street. Also, he stipulated that the county maintain this 'Courthouse Square' for a public park.

Chase County officials were quick to accept his offer.

John Bannon of Leavenworth, Kansas, was low bidder for the structure. He, in turn, with the commissioners' consent chose John G. Haskell of Lawrence as architect. Mr. Bannon and Mr. Haskell, who was also one of the nation's foremost architects, envisioned a bold concept in design -- a French Renaissance Chateau of the Louis XIII period. Indeed, a daring project in the 1870's.

These men and their skilled workers toiled two years to build a courthouse which would be unmatched. They spared no expense to erect a building which would serve

Chase County for a century or more, a monument to these proud Flint Hills pioneers.

The Chase County Courthouse is the oldest public building in Kansas and the midwest, still in daily use.

A small colony of sixty workmen came with Mr. Bannon from Leavenworth to build the Courthouse. The contractor knew about the fine magnesium limestone abundant in Chase County. Consequently, he decided the entire three-story structure would be built of this native stone. His masons opened a quarry on Mr. Alexander's land on Spring Creek, a half-mile west of the site. Bannon and Haskell personally supervised the construction.

All of the limestone was quarried, hand-cut, and fired, then brought to the Courthouse square by horse-drawn wagons.

A few of the more massive stones, some weighing from five to seven tons, were quarried two miles west of Cottonwood Station (now Strong City).

Mr. Bannon's notes show that these stone masons and carpenters, who worked six days a week for two years, were well-paid for their efforts. They earned $3.50 a day; other laborers received from $1.75 to $2.25 a day.

Chase Countians watched in awe as the three-story structure took shape, a fairy-book French Renaissance castle. The building was like nothing they had ever seen, with its ornate cornices and mouldings and the mansard roof topped with a towering cupola. It was grand!

Finally, on October 8, 1973, the Courthouse was completed.

Take a step back in time and stroll through the foyers with this handful of pioneers at the gala 'open house!'

To celebrate its completion, Chase Countians gave themselves a grand ball in the second floor courtroom on Friday, October 17, 1873. Supper tables groaning with food, were spread in the jail. Families in buggies, men on horseback, traveled from all the nearby villages for the house-warming.

When they entered the tall double doors opening to the main foyer, they gazed at one of the architectual wonders of Kansas or of any state -- a spiral staircase which extended from the first to the third floor.

The wide stairway of 68 steps made a full circle for each of the three halls, one directly above the other.

A massive black walnut ballestrade, the celebrates observed, was hand-cut from walnut trees growing beside the Cottonwood River. "Incredible," they whispered. The winding staircase had no center support.

Quarter-sawn oak boards run the length of the first floor foyer. From the main hallway, twelve-foot high doors, with embossed brass hardware, opened to six county offices.

On the second floor, the townsfolk walked through another double doorway into the high ceilinged courtroom, its ceiling made of embossed tin. Toward the rear, on either side of the judge's bench, they inspected the jury room and judge's chamber.

Climbing the staircase to the third floor, they discovered two additional rooms. One was used for a fine public library; the other room for the Extension Service laboratory.

Some of the braver party-goers scaled the ladder to the bell tower which enclosed a 500 pound bronze bell. The bell served a genuine purpose. Its peal alerted the townspeople of fires and tornadoes and it reminded them when court was in session. On occasion, it was sounded when a band of Indians crossed the river below.

Today, over a century after the builders and masons and carpenters finished their work, the Chase County Courthouse continues to 'serve the people well.'

Native limestone, used in the building, has been shipped to every state in the country where it may be found in scores of famous public structures, including the Capitol Building in Washington D.C. and the Topeka State House.

Each year over 2,500 visitors from every state and from many countries visit the Courthouse, marveling at its architectual design, the stonework and the spiral staircase in the same way as did the pioneers in 1873.

In 1971 the Courthouse was entered in the National Registry of Historic Places and the Kansas Historical Site register.

Unmatched in durability and design, the Courthouse remains a living tribute to its builders and the Flint Hills pioneers who dreamed of a Courthouse which would stand a century.

Their legacy belongs to everyone.

A long rope attached to the bell hung to the first floor foyer. (After a cupola fire in 1966, the bell tower's renovations dimmed the bell's tone; however, sometimes it is rung.)

At the cupola's north side, a six-foot high clock faces the town's main street. Each hand weighs some 120 pounds and measures three-and-a-half feet. (Today, time frequently stands still in Chase County. The clock tower, looming 113 feet from the ground, is often a target for a lightening bolt.)

On the third floor, a high, recessed oval window facing Broadway intrigues children who love to crawl into the window nook. With its lofty view, they can watch the happenings on main street or they might gaze at the rolling prairies speckled with wild flowers.

As the people explored the south part of their wondrous Courthouse, they approved the three-room living quarters for the sheriff and his family. They were proud of the stoutly built jail on the second floor -- an improvement from their log cabin jail. The jail's ceiling and floor were constructed of two by eight inch oak planks laid on edge, then spiked side by side. The floors were then covered by sheet metal. A solid steel door opening on the hallway made the most 'hardened outlaw' forget his notions of a jailbreak.

The jail would serve the county's malefactors for a century until the mid'1970's when new state statutes closed the jail forever. Presently, the county sheriff and Kansas Highway Patrolmen use the former sheriff's living quarters for their offices.

On the south, another walnut staircase, a smaller version of the north staircase, provided access from the basement to the second floor. People discovered a walk-in attic above the jail. This attic contained a large wooden plank cistern used to collect rain water from the tile roof.

The party-goers found the basement stairway leading from the main foyer. The basement with dirt floors held the coal bins and vaults for county records, and according to many -- rats!

(An old vault still remains in the basement corner guarding county records. Another unusual vault in the Register of Deed's office, circa 1910, is two stories high with a glass brick ceiling!)

As Chase Countians toured their new, majestic Courthouse from the basement to its towering cupola, some dare-devil boys, the story goes, raced each other around the wide ledge on the roof or took turns sliding down the walnut banister. Young and old alike were convinced that the building, which they had sacrificed to build, was unparalleled.

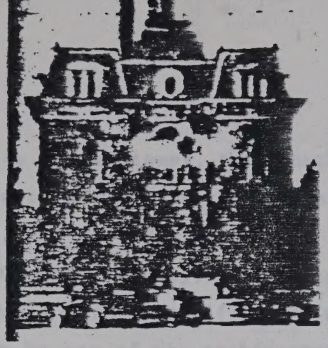
# Chase County



# Cottonwood Falls, Kansas

*They Builded Well-1871-1872*

In 1856 three families arrived and settled on the south bank of the Cottonwood River near a site which overlooked a fall in the river. This was to become the city of Cottonwood Falls. In 1859, Chase County was founded, and Cottonwood Falls was designated as the county seat. The population at that time was 529.

The first courthouse was a small log building built in 1860 and costing $175.00. It was, also, used as a school, of which one of its first teachers was later the mother of William Allen White. The first jail was a rock building which is still standing at 413 Main Street in Cottonwood Falls. It is now a stucco building.

On May 23, 1871 the people voted to issue bonds in the amount of $40,000.00 to build a new courthouse and jail. Isaac Alexander donated a plot of land to the city as a site for the proposed structure.

For the next two years about 60 men worked daily building the courthouse. Many came from other parts of the state and lived in tents nearby, but remained to become permanent residents of Chase County. The stone cutters' pay was $3.50 a day, and the laborers received $1.25 to $2.25 per day.

The Chase County Courthouse, the oldest still in use in Kansas, was completed October 8, 1873 with a final cost of $42,599.88. It is a magnificent three story building of French Renaissance architectural style of the Louis XIII period. It is constructed of perfectly tooled Chase County fine magnesium limestone. This stone is well known for its low mineral content and durability, and it has been used in many buildings around the U. S. including the Capitol Building in Washington D. C., and the Topeka State House.

Above the massive white stones, the courthouse has beautiful cornices and moldings around the mansard roof which is topped with a cupola, iron grillwork, and a 30 foot flagpole.

Upon entering the main doorway, which faces the main street of Cottonwood Falls, you will find yourself in the main foyer encircled by what many believe to be one of the architectural wonders of the state. This is the beautiful spiral staircase and balustrade of native black walnut extending from the first floor to the third floor. This six foot wide stairway of 68 steps completes a full circle for each of the three halls, one above the other. It is 30 feet from the lower floor to the top floor ceiling. The handcarved, handcut, and handpolished walnut posts and banisters are most impresive. Another stairway with walnut railing, on the west side of the foyer goes to the basement. This was added when the basement was opened for use. The wellworn original stairs are under the main staircase.

Brass spitoons adorned the halls until in the 1950's when they were stolen, as the courthouse was never locked until 1958.

The main floor has six rooms, three vaults, and restrooms off of the front hall. One walk-thru vault is between the County Clerk's office and the Appraiser's office. The main vault in the Register of Deed's office, added in 1910, is very unusual. It is a two story affair with a window, and glass flooring in the second story. The object of this was to allow adequate light to reach the upper level. The brass roller shelving, still in use today, was a new invention at that time.

The front part of the second floor contains two offices with vaults, the courtroom, jury room, and judges' chamber. The courtroom has been redecorated, but is in keeping with early day style, and does complement the total decor. Most impresive is the oak woodwork with beautiful doweled railings. The jury platform was added in 1877.

In early times the courtroom was used as a ballroom on special occasions. This included the original open house ball and benefit dinner held October 17, 1873. One hundred dollars was raised to establish a library in the courthouse.

At the back of the courtroom are the two rooms used for jury and judges' chamber. There are, also, doors back there giving access to the jail area. In early times the current jury room, which has a cement floor, was used as a women's jail.

There are two rooms off of the third floor hall. These have been used for storage for a number of years. In early times one of these was the jury room. During murder trails the jury was often sequestered there overnight. It was heated with a round-oak stove. The other room housed the Extension Service laboratory. It is also thought that one of these might have housed the early library.

The local boys would climb out of the windows up there and run around the ledge at the base of the mansard roof. Today they have to be content with looking out the oval window in the upper hall where many initials are carved in the wide frame.

Above the third floor hall is the "bell tower", which houses the 500 pound bronze bell that was hung in 1886. It was originally used to alert the town of fires and tornadoes, and to tell people when court was in session. After the cupola fire in December 3, 1966, the bell has not been used as it can't be heard very well. The fire started from a short in a Christmas star on the cupola, but was quickly extinquished by the voluteer fire department. Damages amounted to $10,000.00.

A six foot clock adorns the north side of the cupola. Each hand weighs 120 pounds and is 3½ feet long. The current clock replaced the clock that was destroyed by fire. There apparently has always been a clock on the courthouse as early pictures show a clockface with the hands in different positions.

Another fire occured in the Sheriff's quarters in the early 1970's. It started from a candle during a wedding reception there. The damage was minimal, but did require the redecoration of that area.

The south end of the courthouse was designed to serve the "arm of the law". Until 1974, when this became the Sheriff's office, the main floor of this area served as living quarters for the Sheriff and his family. The office was in the room now housing the law library. There are three rooms and a bath on the main floor. There is a side entrance on the east side with another unusual walnut staircase going from the basement up to the third floor. The Sheriff's family also used three rooms at the back of the basement in later years.

The Sheriff's wife cooked for the prisoners who resided in the second floor jail until the mid 1970's when prisonors were housed in Lyon County. The ceiling and floor of the jail area provides another unique construction feature. They are constructed of 2" x 12" planks laid on edge and spiked side by side. These were then covered by sheet metal. This makes the ceiling and floor a solid twelve inches thick. There are two separate cells inside the large room. The doors are operated by a lever from the outside. Between the jail and the hall there is a large solid steel door and metal bar door.

Once or twice prisonors escaped for a short while, usually catching the Sheriff off guard as he brought their meals. One of the most memorable incidents was that of the county's only lynching. On May 11, 1894, George Rose, a printer, got drunk and killed Karl Huhl, a clerk in the post office at Cottonwood Falls. The town was shocked and angered. That night Rose, having sobered up, surrendered to the Sheriff, and the courthouse bell tolled the news that he was in custody. The next night 25 men, all masked, appeared at the courthouse, forced the Sheriff to unlock the jail door, marched Rose to the railroad bridge northeast of town and hanged him.

It was a common sight, in the 1800's, to see chained prisonors breaking up leftover rock on the southeast corner of the courtyard. This was then used on the streets.

On the third floor of the jail area there are two small rooms each with a small round window. These were believed to have been used as bedrooms at one time. Now they house some of the courtroom air-conditioning equipment. Across the hall above the jail is a large walk-in attic where you can see the solid floor above the jail, and a large wooden plank cistern, which collected rain water from the roof.

In 1921 the basement still had a dirt floor, except for the area where the furnace was, and a men's restroom in the northwest corner. The vault, now in the back of the Engineers office, was there but still had a dirt floor. The basement was reportedly full of storage bins, coal bins, and rats.

Later the vault was added in the northeast corner of the basement, and the furnace was moved to its present location. The vaults were later given cement floors as was the rest of the basement, and thru the years it was walled for various offices.

One of the early things of interest, especially to the kids, was "The Heart". A man's heart with a bullet hole in it had been preserved as evidence in a murder trial. It was kept in the basement vault until it was later given to one of the schools.

The building sits on one block at the south end of the main street of Cottonwood Falls. This block is built up higher than the surrounding area with a stone retaining wall in the north side and part way around the east and west sides. This was added in 1881. It is reported that originally the courthouse was not to have been built on such a rise but two civic minded men hauled in dirt and planted cedars in front of the building site. In order not to disturb the trees additional dirt was brought in and the whole site was built up.

A Japanese cannon from W. W. I. stands on the front lawn. It replaced the W. W. I. cannon which had been donated for scrap iron during W. W. II. Beside this cannon is a memorial stone placed there on May 30, 1927 by the American Legion Auxiliary. It honors Chase Countians killed in W. W. I.

The Chase County Courthouse was entered in the National Register of Historic Places Feb. 24, 1971. A register for guests was placed in the hall in 1966 and it averages about 500 guests per year.

On Oct. 14, 1953, to celebrate the 80th Anniversary, spotlights were installed to illuminate the building so that at night it can be seen for miles around.

On Sept. 19, 1969 the Cottonwood Falls Chamber of Commerce erected and dedicated a Historical Marker on the lawn to commerorate the town courthouse.

On the 100th birthday of the courthouse, in Oct. of 1972, the community held a three day celebration to honor the occasion. They had a queen contest, quick draw contest, dinners, street dance, musical, various speakers, and many other activities. At this time a Centennial History book was published. It chronicles much of the early history of Chase County.

New floors were laid inthe courthouse in 1924. At this time, the deputy of the County Treasurer, Carrie Breese Chandler, wrote a letter and put it under the floor. This letter was found when the floor was replaced in 1950, and a copy of it is on the wall near the basement stairway.

Another letter was written and both were placed under the new floor. Their location is marked by a board with three unfilled nail holes even with the basement stairway railing.

The craftsmen that built this courthouse did indeed "build it well".

In the District Court of Dickinson County, Kansas, sitting in and for said County and State.

**Be it Remembered,** That on this 14th day of September 190 4, personally appeared in open Court Fredrick Backhus a native of Germany and applied to be admitted as a citizen of THE UNITED STATES OF AMERICA, and produced a Certificate of his declaration of intention to become a citizen of the United States as aforesaid, sworn to before, and issued by the Clerk of the District Court of Marion County State of Kansas on the 3rd day of November 1894, (which said Certificate was also an affidavit of said applicant's antipathy to anarchy, and was accompanied by other affidavits and testimony to the same effect, as contemplated by law) and proved to the satisfaction of the Court that he had lived in the United States for more than five years next preceding said application, and one year last past in said State.

Said Court thereupon made careful inquiry into the following matters, and ascertained that said applicant did not disbelieve in nor was opposed to, all organized government; nor was he a member of, or affiliated with, any organization entertaining or teaching any such disbelief or opposition; nor did he himself advocate or teach any duty, necessity or propriety of assaulting or killing any officer or officers, either as individuals or generally, because of his or their official character, be they of the Government of the United States or of any other organized government; nor had he ever violated any of the provisions of the Act of Congress approved March 3, 1903, and effective ninety days thereafter, entitled, "An Act to Regulate the Immigration of Aliens Into the United States."

was opposed to, all organized government; nor was he a member of, or affiliated with, any organization entertaining or teaching any such disbelief or opposition; nor did he himself advocate or teach any duty, necessity or propriety of assaulting or killing any officer or officers, either as individuals or generally, because of his or their official character, be they of the Government of the United States or of any other organized government; nor had he ever violated any of the provisions of the Act of Congress approved March 3, 1903, and effective ninety days thereafter, entitled, "An Act to Regulate the Immigration of Aliens Into the United States."

Being fully satisfied in the premises, said Court then caused to be entered of record, according to law, the affidavit of the applicant and his witnesses, reciting and affirming the truth of every material fact requisite for naturalization.

And the said Fredrick Backhus having sworn to support the CONSTITUTION OF THE UNITED STATES, and renounce and abjure forever all allegiance and fidelity to every Foreign Power, Prince, Potentate, State and Sovereignty whatever, and particularly to Emperor of Germany whose subject he was heretofore, it is now therefore ordered by the Court that he be, and he is hereby, declared a citizen of the UNITED STATES OF AMERICA, with all the DUTIES, RIGHTS and PRIVILEGES thereto pertaining.

**The State of Kansas,** } ss.
DICKINSON COUNTY.

O. L. Moore
Judge

I N Cole Clerk of said Court, hereby certify that the foregoing is a full and true copy of the order naturalizing Fredrick Backhus, as the same now appears of record in said Court.

IN WITNESS WHEREOF, I have hereunto set my hand, and affixed the Seal of said Court, at my office in Abilene, Kansas, in said County and State this 14th day of September 1906

Dear Mrs. Jordan:

Thank you for your letter.

The index to Texas deaths, 1968 and 1969, was checked for William Henry Backhus, but the name was not found. The enclosed page, from the index to 1967 deaths, is the closest we can come to a similar name. I hope Henry A. Backhus is the one you are searching.

Sincerely,

Sarakay Jordan

Dear Vivian,

I am sorry it takes me so long to write. I just don't get a chance to catch up anything anymore and this summer looks like it is going to be quite a busy one.

In answer to your question about the names. Until I had started working on the family tree we did not know the full names of my grandfathers (John Backhus) brothers + sisters. My mom + her brothers + sisters always called them Uncle so + so + that is what I do also. None of us knew there were more to their names. This is how we knew them:

1. Jurgen Friedrich b. 1869 (Uncle Fred)
2. Johann Heinrich Anton b. 1870 (Uncle Anton)
3. Gerhard Bernhard b. 1872 (Uncle Gerhard)
4. Heinrich Anton b. 1880 (Uncle Henry)
5. Friedrich Hermann b. 1885 (Uncle Herman)
6. Nikolaus Fred. Peter Wilhelm b. 1884 (Uncle Bill)
7. Heinrich Reinhard b. 1891 (Uncle Reinie)

When Grandpa talked about his brothers he used those names such as his oldest brother he called him Fred. Sorry about the confusion but I am so used to this that I forget about their full names. My Grandfather was called John and it always seemed so strange to hear my Mom's cousins call him Uncle John. I am sending you a chart I copied. I have not yet had the time to put everything on my computer.

Sincerely, Jenette Heidemann

Thanked for pics.

Dear Vivian,

I am so very sorry it has taken so long to write. November + December were very busy months and the days did really go fast.

I haven't done any family tree work and I discovered that I had not written to my good friend in Germany either since August (when I wrote him for Christmas I found this out). I just ran out of time.

I am enclosing copies of some of my pictures. I think there is quite a lot of family likeness. We are having the Backhus family reunion again in June 1990 and when you see everyone together you can see that they are related. I myself look like my Father's family except I have what I call the Backhus chin. You asked what Anna died of so I am going to recheck all my information I have and see what I come up with. I don't think there is any serious illness. Old age seems to be the cause of death mainly!

I am also sending the check back to you. I appreciate it but I am really very happy to share what I have. I am so happy that some one else is interested in my Backhus family!

Sincerely,
Jenette Haldeman

P.S. The pictures:
John, Bill, Anton, Herman + Reinhardt are brothers.
John is my grandpa!

Dear Jenette:

I feel so beholden to you! Each letter has so much information that it boggles my mind. I don't think I have mentioned before, but I have been on the staff of Clayton Genealogical Library here in Houston for over 11 years...and hope to retire next year. This is a major research library for records of the United States but our foreign collection is building. We have alsways had an excellent collection on England but now our Librarian is building up Germany, France and the Netherlands.

Please, if there is anything that I could look up for you, don't hesitate to ask, I owe you so much.

Do you have your records in such a manner that they could be put into a book-form? If so, please give our library a copy of these records. I guess, I preach this every day to our patrons. When I first started to work at the Library there was a little lady come in, who was frantically trying to re-construct her records before she died,(she was elderly)...she had had a fire, where all her recodds were destroyed!! So I always tell mpeople, put copies of your records in the local Library where your ancestors used to live and a copy in the DAR Library in Washington,D.C. and one at Salt Lake City and one at Clayton Library. Then you would always be able to 're-construct' or your family could, should anything happen to your personel file.

It was interesting to read in your letter that the desire to give his children a free life, avoid conscription, was the reason why Fred and Anna Backhus left the old country. Aren't you lucky to have memories of your grandparents...both sets of mine were long gone before I was born.

Tomorrow is my day off and I'm going to see if I can go to the Vital Statistics office and find the death certificate for Fredrich. We have, at the Library, the offical records of deaths of Texas from 1903 - 1945. I do not see a notation that I have looked for this before, I should have! but I'll look again as soon as I get to work today. I work from noon to 9 p.m. on Wed.

Really must get this in the mail, I'm so far behind on my correspondence. Our library has just moved into a new building, we were closed for 3 weeks and now have been open to the public for only a week and 3 days...there are so many more things to do to get ourselves settled, but my personel life has really been put on hold because I have been so tired when I got home.

I have started a Backhus file at the Library where I'm putting a copy of the records that you send me. We call it the Vertical File. We have 18-6 drw filing cabinets filled with loose papers that people have given us on their family surnames. Everything is filed under the family name. When you have time, I'm waiting for anything

that you have on the Lubbens...can't deglect the woman you know!

But, of course, I'm mainly interested in the Backhus family.

What did they do to make a living in the old country? Were they musical or have a talent that seemed to pervade the generations? You mentioned that Fredrich had Bright's Disease...what did Anna die of...Genetic genealogy is becoming quite the thing. Many Drs. are sedding the patients to us and have them trace their family, to see about diseases...when they crop up...which side of the family has it?...etc.

Please accept the enclosed check to help defray some of the expenses of sending me records. The picture you mentioned of Fredrich and Anna with two of their sons, do you think there is enough dark and light for if to be photocopied?

Must get to work.

Most Sincerely,

Dear Vivian,

I am sorry it is taking me so long to write back. When the weather is good and summertime I don't get much done on family tree work.

I started working on the Beckhus family years ago when my grandpa was still living and my sister & I talked to him. I quit for a long time thinking I would never get anything from Germany. Then one year in Kansas, I went through the church records and I found much valuable information. Then I had a form letter in German and I started writing to Germany. The pastors at the Lutheran church were very helpful, writing all the details from the church records. Then I finally wrote to the archive in Oldenburg. There is a man named Johann Beckhaus who does much research at the archive and they gave him my letter. We have been writing each other ever since. He had a lost relative in New York City that I was able to find for him and he has sent me much, very much information on the Beckhus family.

So all the information I have is from church records or from civil records. We still have family living in Germany. Great-Uncle Fred, the first child, never came to the U.S. His granddaughter's husband was a prisoner of war. They sent me copies of the information they had to have during the war showing their family tree. A grandson of Great-Uncle Fred died in Russia in the

battle of Stalingrad. I tell you this because one of the reasons Fred + Anna Backhus came to the U.S. was so his younger children would not have to fight in wars like he had to and fifty years later his great-grandson dies in Russia. Friedrich Backhus was in the War of 1870. His younger brother, Claus, was also + he died + is buried in France. I know he was in two other wars and I think that was in 1864 and 1866. Several families from that area came on the same ship in 1893. Grandpa was 4 when he left but he had memories from Germany.

I have the family back to 1700's but I have the latest information from Johanna yet to add. I just don't have the time yet to add it.

I have info. on the Lubbers also. One of Anna's brothers lived in the Northwest. One year he came to visit, in the 1920's and my mom remembers him. I have a picture of Anna and him, they do look related. I have a picture of Fred + Anna with sons John (my grandpa) + Reinhard in front of their house in Chesterville. It is the only picture I know of for Fredrich. I have been searching for a death certificate for Fredrich. I tried Colorado Co. and Wharton Co but no record. His will is on file in Wharton Co. He was very sick, Bright's disease. I have wondered if he died in Houston in a hospital.

Well, must close this now. Write again

Sincerely,
Jenette Heidemann

P.S. Just an interesting note, Fredrich's grandfather, Hermann Backhus had a twin sister Anna.

Dear Mr. Backhus:

I have just recently returned from a research trip through Kansas and I obtained your address from a phone book while there.

I'm researching the family of Backhus. In particular the Frederick Backhus who came to this country in 1893 with his wife Sophia and these children;

Henry b 1880 in Germany
Herman b 1885 in Germany
John b 1888 in Germany
Willie b 1889 in Germany
Rhinhart b 1890 in Germany

I have obtained this information from the Federal Census of Dickinson County, KS of 1900.

Are you from this family?

My 16 year old grand daughter is interested in finding out about her father's people. Her daddy is Harvey Harold Nusz who was the son of Harvey Benjamin Nusz. Harvey Benjamin married Ida Helen Backhus.

Ida Helen's father was Henry William Backhus whose father was the above mentioned Frederick BAckhus.

I have a little information on Frederick Backhus which I would be pleased to share...he was naturalized in Dickinson Co.,Ks in 1906 and married, I'm told in 1868, I don't know where. Anna had 13 children

If you know anything about this family, please answerein the self-addressed, stamped envelope that I'm enclosing.

Last Christmas, I made up a little book for my Grand daughter on her Nusz family, still adding to it in fact. But now I'm trying to find her 'roots' on her fraternal grandmother's side, BACKHUS. Any pictures, occupation in the old country, WHERE in the old country did they come from....things like that.

The enclosed form may help you also. Please fill it out.

I am so excited to have found your name, I do hope you are related!!

Most Sincerely,

Most Sincerely,

Hi!

Your letter came to me in a round about way. Dewayne sent it to his parents who sent it on to me. I am a great-granddaughter & Dewayne is a great-grandson of Fred. & Anna Backhus. Dewayne's grandfather was Gerhardt, the third oldest and my grandfather was John, the third youngest. To complicate matters Dewayne's parents, Bill & Hilda Backhus are both first cousins to my Mom from different sides of her family.

I am in the process of putting my information on my computer so for now I will just write you some information so I can get this mailed to you.

Friedrich Hermann Backhus and Anna Margareta Lübber were married April 24, 1868 in Schwei, Oldenburg, Germany. They had 13 children: Jurgen Friedrich b. Mar. 2, 1869 (never came U.S.)

Johann Henrich Anton b. Aug. 13, 1870
Gerhard Bernhard b. July 17, 1872
Daughter b. Sept. 16, 1874 d. Sept. 16, 1874
Anna Rebecka Hermine b. Nov. 16, 1875
Elise Wilhelmine b. Oct. 28, 1877
Henrich Anton b. Jan. 26, 1880
Johanne Margarethe b. 12/8/1881
Friedrich Hermann b. 12/26/1883
Friedrich Hermann b. 5/24/1885
Johann Gerhard b. 1/2/1888
Wilhelm b. 7/15/1889 Reinhard b. 6/2/1891

They came to the U. S. in 1893 and settled in Kansas in Marion Co. Around 1906 Fred + Anna and the ~~three~~ four youngest sons and Henry and his family moved to Texas.

I was in Texas in July on my vacation doing some research also. We were in the Houston area. Great-Grandpa Fred died in Texas on Oct. 7, 1910 at Chesterville, Wharton Co. He is buried at Wallis, Texas. Great-Grandma Anna came back to Kansas and died in 1932 and is buried at Tampa Kansas. All the 13 children are gone now, Great Uncle Bill died in 1984 and he was the last. I am enclosing a copy of Great-Uncle Henrys wedding picture.

Where did you go when you were in Kansas? Many of my Backhus relatives still live around Marion Co. Every two years is the Backhus family reunion, the next one will be in June 1990.

I will send this to you for now and please write again. What all would you like to know about the Backhus family? I have so many pages of notes + info, just little facts even school records.

My address is: Jenette Heidemann

Dear Jenette:

I hope you don't mind my using your given name. It just makes it so much easier to write these letters. In a few weeks time, I will be 65 years young, so age has just got to have some priviledges!!

Thank you so much for answering my letter re the Backhus family. I was thrilled to receive the picture of my grand daughter's great grand parents! She will be also. On our trip to Kansas, I did get copies of her fraternal grandparents marriage license and a copy of Frederick's naturalization papers. I have these already now to send to her in Wichita, Ks. Her family history book is growing and I'm so glad.

I've spend most of my limited time, (I work), on tyying to find out where in Russia her Nusz ancestor was born. Now, I believe, I have at least narrowed the location down to near the Volga River on the Caspian Sea.

Now, with your help, I've gotten the place narrowed to Schwei in the Grand Duchy of Oldenburg, Germany. Ida had always told me that they came from Oldenburg but now this is so much better. The Backhus line is filling in nicely.

Could you please tell me what source you are citing when yoy give the names of the children and their birth dates? Is there a Bible record? I would be so pleased to pay for copies of this record.

Our Library here in Houston has all the Census records, so I had found those records. If you need copies of them, please letmme know. I hope I can find something that you need, too.

What would I like to know? Well, anything-stories about their life in Oldenburg. What was the profession of Frederick's father. Do you know his name? Frederick's profession? Anything information about the Lubben family? They seemed to have money when they came over, so I'm guessing that they were educated people, I know they are industrious.

My middle daughter and her family of husband and two boys, have lived in Grafenhassen, Germany for over 3 years now. He is an engineer and is employed by the U.S. Army. They love it. We have been over there and what abbeautiful place it is. We toured Germany as much as we had time for.

Once again, I'm so glad I found you or vice-versa! Im really looking forward to your next letter. Are you the historian, so to speak, for the Backhus family? Guess there is one of us in every family. A good think too, or some of these records or stories would be lost as the older ones die off.

I must close, it is late at night and morning comes too soon. What computer program are you using for your genealogy? I'm using Family Root

I've spend most of my limited time, (I work), on trying to find out where in Russia her Nusz ancestor was born. Now, I believe, I have at least narrowed the location down to near the Volga River on the Caspian Sea.

Now, with your help, I've gotten the place narrowed to Schwet in the Grand Duchy of Oldenburg, Germany. Ida had always told me that they came from Oldenburg but now this is so much better. The Backhus line is filling in nicely.

Could you please tell me what source you are citing when you give the names of the children and their birth dates? Is there a Bible record? I would be so pleased to pay for copies of this record.

Our library here in Houston has all the Census records, so I had found those records. If you need copies of them, please letmme know. I hope I can find something that you need, too.

What would I like to know? Well, anything-stories about their life in Oldenburg. What was the profession of Frederick's father. Do you know his name? Frederick's profession? Anything information about the Lubben family? They seemed to have money when they came over, so I'm guessing that they were educated people, I know they are industrious

My middle daughter and her family of husband and two boys, have lived in Grafenhausen, Germany for over 3 years now. He is an engineer and is employed by the U.S. Army. They love it. We have been over there and what abbeautiful place it is. We toured Germany as much as we had time for.

Once again, I'm so glad I found you or vice-versa! Ih really looking forward to your next letter. Are you the historian, so to speak, for the Backhus family? Guess there is one of us in every family. A good think too, or some of these records or stories would be lost as the older ones die off.

I must close, it is late at night and morning comes too soon. What computer program are you using for your genealogy? I'm using Family Roots

leaving with his wife sons Walter (born c1763) and John (born c1765) who were bound out in 1777 and 1779 (Augusta Order Book 16, p. 253; 17, p. 41) and who were subsequently named in Samuel's will.

Robert Cowden was in Mecklenburg County, N.C., as early as Sept. 3, 1753, when he was granted 412 acres on South Broad River on North Fork of Golden Grove River, above Walter Cowdon's land; on Jan. 17, 1765 he sold his land to Robert Elliott. Robert Cowdon, planter, brother, and heir-at-law of William Cowdon, deceased, of Mecklenburg, sold May 13, 1765, to Moses Wylie, part of 600 acres granted William Cowden Sept. 3, 1753. The will of Samuel Cowden was written in Mecklenburg March 28, 1782; he left his horse and saddle to his brother Walter, and mentioned a supply of yarn at his brother Robert Cowden's. The major part of his estate was left to his sons Walter and John "begot on the body of Martha Wilson (Cowden)". (Will Book A, p. 168). Walter evidently died shortly after Samuel, as the Mecklenburg Estate Papers dated from Nov. 4, 1782 speak of the estates of both Samuel and Walter. Only Widow Cowden was enumerated in Mecklenburg in 1790; a John was in Iredell County, perhaps a member of the Rowan County family. No record of Robert of Mecklenburg is found subsequently to his 1765 land sales, although a deed to his remaining land seems to be missing. Robert, the soldier who moved to South Carolina in 1779, may be of this branch of the family. The older Robert, Walter and Samuel are definitely identified as brothers; it has been supposed that William who died in Augusta County 1742 also was a brother, although this may not be correct.

74. James Hemphill 100100-10100-17 (cq) (See No. 8)

75. John Barker 100001-01100-17 (cq—same number slaves)

76. Isham Barker 310010-11210-0

A John Barker was in Wilkes County, Ga., in 1805 (lottery) and was mentioned as a half brother in the will of Mary Powell, July 30, 1825/Sept. 5, 1825 (HH, p. 178). In 1820, Louis and Louis Barker Jr. also were living in Jackson County; Lewis left a will there. Jesse was enumerated (No. 587) in Gwinnett County, Ephraim was in Hall County, and Robert in Elbert County in 1820, among others in the state.

77. Richard Majors 101110-43110-0

This family was in Virginia as early as 1648, subsequently lived also in North and South Carolina.

78. James Todd 300010-30010-0

There is some indication that James, John, Joseph W. and William Todd enumerated 1820 in Jackson County were of the branch of the family represented by John Todd with wife Mary who was in Wilkes County, Ga., by 1785, and James Todd who died there c1797. In 1820, one John was enumerated in Morgan County; Joseph and William were in Wilkes County; Ann W. in Greene County; and Hardy in Washington County, among others in the state.

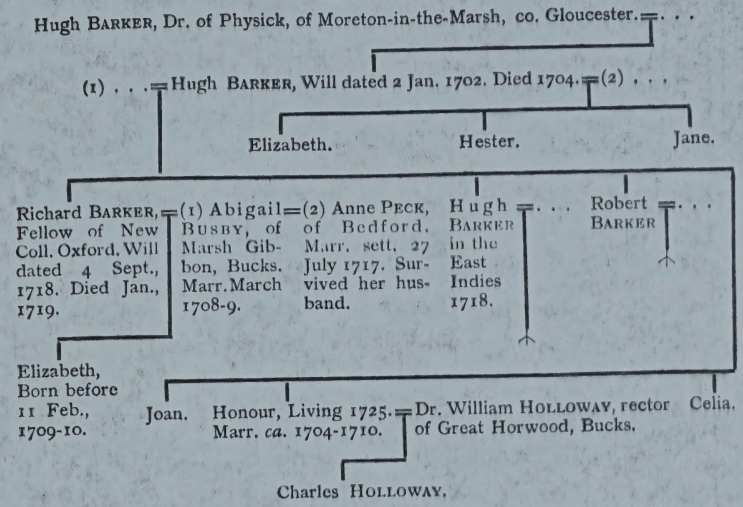
79. Jerry (Jeremiah) Horton 010010-00001-1

80. Procer (Prosser) Horton 010001-00101-1

Also spelled Whorton in many documents. Also enumerated in Jackson County in 1820 were Sherod (Sherwood) (No.789), James Horton (No. 864), and Joseph Whorton(No. 105). Stephen Horton (No. 183) was in Gwinnett County; Isaac Horton and Benjamin Whorton in Hall County; Edwin Horton in Habersham County; Bartlet, Elijah and William Whorton in Walton County; Jeremiah, Thomas, Thomas Sr. and William Horton in Elbert County; Daniel, Frederick, Howell, Kittral, Levi and William Horton in Washington County; Elisha Horton in Jasper County; James and Josiah Horton in Jones County; and in Hancock County, James (2), Lott, Nancy, Robert, Samuel, and Sarah Horton; and in Putnam County, William Horton.

An Isaac Horton reached Henrico County, Va., by 1636-1639 (George Cabell Greer, Early Virginia Emigrants, p.167) and the family was in North Carolina (Chowan Precinct) as early as 1714. There appear to have been two Horton families in the Jackson-Gwinnett Counties area, perhaps fairly closely related. Hugh and Stephen Horton each were taxed in 1785 in Wilkes County, Ga., on 287½ acres of land in Washington County. (Grace Gillam Davidson, Early Records of Georgia, v. 2, pps. 48,49). Prosser Horton witnessed a deed in 1787 in Wilkes County, Thomas Horton received a warrant for land in that year; William Horton appears in the Wilkes records in 1790, and James in 1805 and 1807 lotter-

# Barker.



This pedigree is taken from the Chancery suit, November 1725, Barker *v.* Barker (Collins 857). Dr. Hugh Barker owned land in Moreton-in-the-Marsh, Gloucestershire, which passed eventually to his grandson Richard Barker. His son, the second Hugh Barker, seems to have owned a considerable estate, the bulk of which went to his eldest son Richard. Among other property he had a lease for three lives of the rectory of Speen, Berks, which was valued at £260 per annum. In his will dated 2 Jan. 1702, he left £5 to the building fund of New College, Oxford. His eldest son Richard is described as a Fellow of New College in a post-nuptial settlement of 11 Feb. 1709-10. In his will of 4 Sept. 1718, Richard Barker gives directions that he is to be buried in the chancel of Great Horwood church, and that a monument is to be erected there to his memory at a cost of £40. He leaves £30 to the building fund of New College, mentions his mother-in-law Elizabeth Busby of Marsh Gibbon, and his brothers-in-law Joseph Bell of Aylesbury, gent., and William Busby Esquire of Marsh Gibbon. He leaves £500 to the daughters of his brother Hugh Barker, and a like sum to the daughters of his brother Robert Barker. Hugh Barker was in the East Indies in 1718, but returned to England in 1720.

# THE BARKERS OF VIRGINIA

## CAPTAIN JOHN BARKER, ENGLISH SHIP MASTER OF SURRY COUNTY, VIRGINIA, HIS DESCENDANTS AND THEIR KIN.

WILLIAM E. PULLEN
HOLLYWOOD, FLORIDA - 1971

GENEALOGICAL SOCIETY
OF THE CHURCH OF JESUS CHRIST
OF LATTER-DAY SAINTS

This is the record of the generations from John Barker, English sea captain and early settler in Virginia, from 1635, through Surry County, Virginia, Granville County, North Carolina and Hamilton County, Indiana, to his grandchildren, eleven generations removed, William Edward Pullen II, born Richmond, Virginia, 18 January, 1957 and Nancy Lindsay Pullen, born Richmond, 23 March, 1958 and now residents of Raleigh, North Carolina. (1971).

John Barker - England, Surry Co. - Letitia
John Barker - Surry County - Grace (Busby?)
Josiah Barker - Surry County - Faith Washington.
John Barker - Surry County - Lucy Reeks
Ambrose Barker - Granville County - Mary A. Ragland.
John Barker - Granville County - Sarah Wilson.
Wilson Barker - Hamilton County - Delilah Smith.
Daniel Barker - Hamilton County - Charity E. Fall.
Earl E. Barker - Hamilton County - Sarah F. Mann.
Ilo Imogene Barker - Hamilton County - William E. Pullen.
John T. Pullen - Raleigh, North Carolina - Lois Elva Morrison.
William E., II and Nancy L. Pullen.

The first record of a Barker in Virginia was of Steven Barker in the Muster of 1625.

William Barker, Master of the ship America sailed from Gravesend to Virginia, 23 June, 1635 with 88 passengers aboard. A William Barker patented land in Charles City County, 1635, probably for transporting settlers to Virginia. (Southside Virginia Families, Boddie, 30) This William may have been kin to John Barker, the emigrant.

## JOHN BARKER - THE EMIGRANT

John Barker, an English sea captain, settled on Chippokee Creek, then in James City County, Virginia, later in Southwark Parish, Surry County, apparently about 1649, where he lived until 1678 when he moved to Martin's Brandon, Charles City County, where he died in 1689. His first wife, thought to have been named Letitia, was the mother of his three sons - John Jr., Joel and Jethro - all apparently born in England, and lived in Surry County, Virginia.

John Barker, "Master of the good ship Abraham set sail from London with 51 passengers aboard", 20 November, 1635. (Hotten - 138). John Barker patented 300 acres "on the very head of the main branch of Lower Chippokee Creek", 29 November, 1649, for transporting six settlers to Virginia. (Cavaliers and Pioneers - Nugent - 187). Due to the destruction of the early James City records, nothing more is known of John until the creation of Surry County, on the south side of the James River, from and across from James City, 1652.

John added to his holdings on Chippokee Creek when he bought a "plantation" thereon from Theoderick Bland of John Bland and Co., 9 January, 1653 for 10,000 pounds of tobacco. (Southside Virginia Families, Boddie, 30). He later patented 1800 acres on Chippokee, 18 December, 1662, whereon he had his home until 10 August, 1678, when he sold this land to Benjamin Harrison for 16,000 pounds of tobacco and moved to Martin's Brandon, Charles City County.

John married his second wife, Ann, widow of George Marshall of Martin's Brandon, between 9 March, 1672, when Marshall's will was probated in Charles City, and 2 September, 1673 when "John Barker Sen." and wife Ann, deeded 75 acres on Chippokee Creek to "John Barker the Younger" (Surry Deeds 1671-1684, 32). This deed recites that Ann was Marshall's widow, whom John had married, and the two were residents of Southwark Parish and that the land had been bequeathed to Ann by Marshall.

On 3 March, 1674, "John Barker Jun." reconveyed the 75 acres to John Barker Sr., in the latter's sale name - not to John and Ann as Boddie says. In this deed John Jr. referred to "Mrs Ann Barker, Mother in law to me". (stepmother).

John Barker died in Martin's Brandon leaving a will in Charles City County which was destroyed with all others of the time. This is shown by an order of the Charles City Court of 5 January, 1690, which order recorded that John Good

had married Ann (Marshall) Barker and he, apparently as representative of his wife Ann, executrix, was ordered to pay Joel Barker, son of John 8000 pounds of tobacco bequeathed to Joel by his father. The order also directed that upon this payment Joel and Jethro, sons of John were to sign a "sufficent discharge" to Good. (O.B. 1687-1695, 323).

It is not known when Joel Barker died nor whom he married but the names of his children, some if not all, are known. John Barker, son of Joel bequeathed a plantation to his sister Mary, with reversion to brother Joshua on Mary's death. John's will was dated 11 April, 1736 and probated September, 1740. Between these two dates his sister Mary married James Bishop and John's will was presented by her under the name Mary Bishop. (Surry, 1738-1754, 211).(James and Mary (Barker) Bishop had a son James Jr. who went to North Carolina and some of his descendants went to Hamilton County, Indiana with their Barker cousins around 1835. Descendants of these Bishops, of that name now (1971) live in Hamilton County, near Arcadia.) On 8 February, 1750 William, Henry Z. and Joshua Barker sold 130 acres on Reedy and Cattail Branch to their "brother-in-law and sister" James and Mary Bishop. (D.B. 6, 147).

Jethro Barker, son of John the emigrant, was born prior to 1657, shown by his being witness of deed of his father to Benjamin Harrison, 10 August, 1678. His wife's name was Mary but her family name is not known. Jethro's will, probated

Surry, 15 March, 1748 names his sons John, Jethro, George, Henry and Jehu; daughters Jane Field, and Mary Andross (Andrews) and grandchildren, Agnes, Mary and Elizabeth, daughters of son George, and Sarah, daughter of son ~~John~~ Jehu. (W.B. 1738-1754, 567). An elaborate history of Jethro's descendants is provided in Boddie's Southside Virginia Families, Vol. 2.

## JOHN BARKER II

John Barker, son of John the emigrant, was born prior to 1636, shown by his having patented 600 acres on Chippokee Creek, 5 October, 1657, thus being of age at the time. (Nugent - 415) His wife's name was Grace thought to have been the daughter of Thomas Busby and grandaughter of Francis and Grace Grey. This Thomas Busby may have been he of that name known as "Bacon's Lieutenant" who with John Barker and others in Bacon's Rebellion took over the home of Arthur Allen, later called "Bacon's Castle" and who on 15 November, 1677 agreed to pay Allen for damage done to his home. (Boddie, 31).

John Barker's will was probated, Surry, 19 May, 1714. (Deeds - Wills - 1709-1715, 191-2). In the order named his heirs were:

1. Elizabeth Andrews, daughter. Elizabeth married (1) Christopher Foster; (2) Thomas Andrews.

2. Sarah Lanier, daughter, wife of Robert Lanier.
3. Hannah Lashley, daughter, wife of Walter Lashley.
4. Robert Foster, grandson.
5. John Barker, son. 622 acres.
6. John Barker, grandson.
7. Josiah Barker, son. 622 acres.
8. Grace Barker, wife. 300 acres for life, then to daughter Grace.
9. Grace Barker, daughter. dsp.

John's will mentions a Richard Barker but without identification but John's wife Grace's will, probated 18 August, 1725 names son Richard. (D.W. 9, 211).

## JOSIAH BARKER

Josiah Barker, son of John Barker II, married Faith, sometimes called Faithy, Washington, daughter of Richard and Elizabeth (Jordan) Washington. His will was probated 17 March, 1761. (W. B. 10, 250-251.) In addition to his wife Faith he named his children:

1. John Barker - see forward.
2. Arthur Barker.
3. Samuel Barker.
4. Faith Barker, daughter.
5. Rivers Barker.
6. William

Josiah"s will also mentions Sarah, Faithy and Mary Ellis but it is not clear who these were.

## JOHN BARKER III

Proof of the identity of John Barker, who died in 1777 as the son of Josiah and Faith Barker and the father of Ambrose Barker of Granville County, North Carolina is established as follows:

Josiah Barker's will named son John and daughter Faith Barker.

John Barker's will, probated Surry, 27 May, 1777, named sons John and Ambrose and daughter Anne Barker. (W.B. 11, 463-464).

The will of Faith Barker, dsp, probated Surry, 26 June, 1787, named "my niece Anny King" and "John Barker, son of my brother, John Barker", had Randolph King as executor and "A" (Ambrose) Barker as witness. (W.B. 12, 150).

Randolph King died 1786 leaving widow Anne whose will was probated, Surry, 23 September, 1778 in which she appointed "My brother Ambraus (sic) Barker" as an executor. (W.B. 12, 201).

John Barker III married Lucy Reeks, named in his will simply by her first name. A published record erroneously reported a marriage bond in Sussex County, 29 January, 1765, of John Barker to Lucy Wallace and this led to the belief of some that the Lucy named in John Barker's will was a childless second wife. But closer investigation

shows the bond in Sussex for Jehu Barker and Lucy Wallace and the Albermarle Parish Register shows daughters born to Jehu Barker and Lucy Wallace in 1767, 1769 and 1773. Lucy (Wallace) widow of John Barker married (2) Enoch Lewis in Sussex, 1782.

In his will John Barker III bequeathed to son Thomas and daughter Ann "my part and portion of four negroes ----- lent or given to her, the said Elizabeth Reeks during her natural life by Thomas Reeks, Sarah Reeks, Mary Reeks, Charles Reeks, Philip Reeks and myself and afterwards to descend to us in equal proportions--".

Elizabeth was, no doubt, the mother and her children created this life interest in the slaves for her use and at the time Lucy was the only married daughter and her interest having passed to him, John Barker acter with his brothers and sisters-in-law in the matter. Further evidence as to Lucy's maiden name is that John Barker of Surry gave his brother-in-law, Thomas Reeks, of Granville County, North Carolina, power of attorney, 22 May, 1773. (Surry D.B. 10, 301).

A number of Surry County Reeks went to North Carolina where the name appears in the records as Ricks.

The devisees of John Barker's will, in order named were:

1. John Barker, son. This seems to have been the John Barker who went to Bedford County;

his will was probated 24 August, 1846, naming wife Polly, sons, Napoleon B. and Francis M. and Catherine McGregor, who went to Alabama. (W.B. "M" 256). (See Our Kin, Ackerly and Parker). Thomas Ricks (Reeks), his uncle, left bequest to "John Barker of Virginia", Granville County, North Carolina 9 September, 1802, and on 5 November, 1825, John Barker of Bedford County, Virginia gave power of attorney to John Barker of Granville County, North Carolina to receive all sums due him under Rick's will.

2. Thomas Barker - to whom his father left a still and slaves.

3. Ann Barker - wife of Randolph King. (Above)

4. Winney Jestiss, probably wife of William Justiss, the only one of that name in Surry Tax Roll of 1782-84.

5. Ambrose Barker.

6. Wife Lucy.

## AMBROSE BARKER

Ambrose Barker, son of John and Lucy (Reeks) Barker was born in Surry County, Virginia and moved to Granville County, North Carolina before November 1773. He married Mary Ann, daughter of Evan and Amy Ragland - marriage bond, Granville County, 18 November, 1773. In his will, Evan named Ambrose as guardian of Evan's son Stephen Ragland. (W.B. 1, 199) Ambrose took Oath of Allegiance, Oxford District, Granville County, 1778

(N. C. Col. Records, Vol. 22, 1770) He appears in the U.S.Census of 1790, in Graham District, Granville County - "Ambrose Barker, Esq." He deeded land to "my son John Barker" (Granville D.B. 5 (or 3), 284) His Aunt, Sarah Reeks, bequeathed money to "John Barker, son of Ambrose ---", 8 May, 1818.

If Ambrose and Mary Ann had other children, there is no record of them - known to the writer.

## JOHN BARKER IV

John Barker, son of Ambrose and Mary Ann Barker, was born in Granville County, North Carolina. He married Sarah, daughter of John Wilson who named her in his will as "my daughter, Sarah Barker". This appears to have been the John Wilson who came to Granville County from Bedford County, Virginia in 1756. (Studies in the History of Colonial Granville County - Nannie G. Tilley - Master's Thesis, Duke U. 1931).

The will of John Barker, executed 5 December, 1839 and probated, Granville, February 1840, names his wife Sarah and eleven children (W.B. 5, 47)

1. John G. Barker - m. (1) Harriett Stone, 24 January, 1824 and (2) Frances Sallewhite (?) 20 December, 1837 - in Granville County.

2. Charles Barker.

3. Davy (David T.) m. Martha Allen, 2 January, 1847.

4. Thomas R. (Ragland - Reeks ?) Barker.

5. William Barker.

6. James Barker. m. Martha Welch, 20 December, 1825.

7. Ambrose Barker Jr. m. Jessica P. Wilson, 16 December, 1830.

8. Martha Barker - referred to in father's will as "wife of Samuel Wilson".

9. Washington Barker.

10. Sally P. Barker - "wife of Stephen Currin".

11. Wilson Barker. See forward.

## WILSON BARKER

Wilson Barker, son of John and Sarah (Wilson) Barker, was born, Granville County, North Carolina 10 July, 1807, died 24 September, 1883 and buried in McCarthy's Cemetery, Arcadia, Hamilton County, Indiana, beside his wife, Delilah (Smith) Barker, born 24 November, 1812, North Carolina, and died 10 September, 1875 - Dates taken from their tombstones by writer.

Due to a fortunate curiosity when quite young, the writer questioned many people who knew Wilson Barker and from them, and other sources, obtained a great deal of information concerning him - particularly from his son, David Wilson Barker, who was thirty nine when his father died. Unfortunately none knew where in North Carolina he and Delilah Smith were married and to date the writer has been unable to find out.

In his early days, Wilson was a school teacher and in 1827 and 1828 was in Pittsboro, North Carolina, shown by letters to him in those years from his parents - "John and Sally Barker" of Granville County. Another letter was addressed to him at Asylum, North Carolina and one dated 10 March, 1828, addressed to Pittsboro, was signed "Your own brother, William Barker". These letters and a U.S. land grant in Hendricks County, Indiana were in the possession of John Barker, son of George and grandson of Wilson, of Atlanta, Indiana, in 1924 and examined by the writer. The deed is to Wilson Barker for 40 acres in Hendricks County, Indiana, 20 May, 1835, recorded Vol. 40, p. 320, Land Office, Washington, D.C. signed "Andrew Jackson by A. J. Donelson, Sect., Elijah Hayward, Commissioner of the General Land Office".

It appears that Wilson may never have settled in Hendricks County, as he was in Hamilton County by 1836:

"W. Barker, Farmer, 4½ miles N.W. of Arcadia. Born N.C. 1807. Settled in Hamilton County 1836, Republican - Methodist". (Directory of Hamilton County, 1874).

There are numerous references to Wilson Barker in the works on Hamilton County in the State Library at Indianapolis - one refers to his founding the Methodist Church in Hamilton County, the first services being conducted in his home and another is a personal sketch - "--- born in North Carolina, slight of build, sharp featured, reticent and religious - a Methodist".
